BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Establishment of the Coronavirus and Other Respiratory Viruses Division

AGENCY: Centers for Disease Control and Prevention (CDC), the Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: CDC has modified its structure. This notice announces the establishment of the Coronavirus and other Respiratory Viruses Division and other organizational components within

the National Center for Immunization and Respiratory Diseases (NCIRD), Deputy Director for Infectious Diseases (DDID), CDC.

DATES: This reorganization was approved by the Secretary of HHS on January 24, 2023, and became effective February 8, 2023.

SUPPLEMENTARY INFORMATION: Part C CDC of the Statement of Organization, Functions, and Delegations of Authority of the Department of Health and Human Services (45 FR 67772–76, dated October 14, 1980, and corrected at 45 FR 69296, October 20, 1980, as amended most recently at 87 FR 51670–51675, dated August 23, 2022) is amended to reflect the reorganization of NCIRD, DDID, CDC. Specifically, the changes are as follows:

Under Part C, Section C–B, Organization and Functions, delete and/or update functional statements for NCIRD in their entirety and replace with the following:

NCIRD (CVG)

NCIRD prevents disease, disability, and death through immunization and by control of respiratory and related diseases. In carrying out its mission, NCIRD: (1) Provides leadership, expertise, and service in laboratory and epidemiological sciences, and in immunization program delivery; (2) conducts applied research on disease prevention and control; (3) translates research findings into public health policies and practices; (4) provides diagnostic and reference laboratory services to relevant partners; (5) conducts surveillance and research to determine disease distribution, determinants, and burden nationally and internationally; (6) responds to disease outbreaks domestically and abroad; (7) ensures that public health decisions are made objectively and based upon the highest quality of scientific data; (8) provides technical expertise, education, and training to domestic and international partners; (9) provides leadership to internal and external partners for establishing and maintaining immunization, and other prevention and control programs; (10) develops, implements, and evaluates domestic and international public health policies; (11) communicates information to increase awareness, knowledge, and understanding of public health issues domestically and internationally, and to promote effective immunization programs; (12) aligns NCIRD's focus with the overall strategic goals of CDC; (13) synchronizes all aspects of CDC's pandemic preparedness and response from
